Memo for Record

3 Aug, 63

Subject: "Flaming Object" Seen in Mindanao

Reference AF IN 3466 of 29 Aug 63, I called Captain Moore in the SAC Information Office and asked him to obtain an answer from Vandenberg, requesting that Vandenberg coordinate it with the Pacific Missile Range, and that SAC then phone it to us for clearance with DOD and dispatch.

had sent the attached  
Captain Moore called back later to say that SAC ~~xxxxxxxxxxxxxxxxxxxxxxxx~~ing message to us, marked for Official Use Only, with a copy priority to the US Air Attache in Manila and other copies to the USAF Field Activities Group at Fort Belvoir and the 1st Strategic Aerospace Division at Vandenberg;

I asked him whether the information in the message could be used by Manila to answer press inquiries and, after conferring with SAC Policy officers, he said that it could. I then suggested that SAC send a followup message so stating and that this followup message suggest the Air Attache coordinate with the Ambassador before releasing anything.

I notified Mrs. Lil Lee on the DOD Press Desk of the various actions taken.
